

# DENTALS HOPE TO SIGN MUNRO

Clever U.T.S. Player Will  
Probably Line Up With  
Senior Team

## BROPHY HAS INFLUENZA

Beaches Football Team Fail  
to Secure Scarborough'  
Beach for Monday

Dentals and Beaches will not meet on Thanksgiving Day. This fact became known last night when it was learned that the Athenaeum and Wellington ball teams had leased the Scarborough' Beach grounds for the holiday.

This means that the season will not start until October 19 and the schedule will hardly be completed before November 23. The delay is a regrettable one, but the teams will have to make the best of it.

Dentals were out in full force last night and held a very encouraging workout. Smiley turned out for his initial appearance of the season and showed up in splendid style. However, he met with a slight accident and was rendered hors de combat.

Brophy is laid up with an attack of Spanish influenza and will not be out for some time. Other players out were McLachlan, Norton, Johnston, Lajole, W. Long, V. Long, C. Stewart, Box, J. Collins and C. Collins of Petrolia, and Sullivan of U. T. S. fame. The team will practise again to-morrow, and Manager Box expects to have Munro and "Muckle" McLean in the line-up.
