by wearing

## Dr. Chase's Menthol Bag

**S**INCE 1510 influenza has periodically swept over the known world. The last big epidemic in this country was in 1889, when almost every person in every home was brought down.

But the present form, known as Spanish "Flu" because it started in Spain, seems to be a most fatal variety on account of the quickness with which it develops into bronchial-pneumonia.

Hence the wisdom of preventing infection by every means possible, and our suggestion is to "Wear a Menthol Bag."

We have arranged for the manufacture of thousands of these Menthol Bags, and while they last shall give them away to the first persons who send in the coupon printed below.

These bags are pinned on the chest outside of the underwear, and the heat from the body causes the menthol fumes to rise and mingle with the air you breath, thereby killing the germs and protecting you against Spanish influenza and all infectious diseases.

It was always the aim of Dr. Chase to serve his fellow-man by the prevention of disease whenever possible, so that this gift is in line with the policy which he established.

In his large Receipt Book Dr. Chase devoted five pages to the treatment of influenza, and of his medicines on the market Dr. Chase's Syrup of Linseed and Turpentine and Dr. Chase's Nerve Food are used to splendid advantage in fighting this malady.

The Linseed and Turpentine should be used freely just as soon as there is any tendency for the throat and bronchial tubes to be affected.

Dr. Chase's Nerve Food is used to strengthen the action of the heart and aid in the restorative process.

The great secret of keeping healthy as well as of regaining strength after illness is by keeping the blood pure, rich and red.

Red blood is the greatest of germicides, for no disease can make any great headway so long as the blood is in condition to restore the wasted tissues.

In Dr. Chase's Nerve Food are found the vital substances which go to the formation of new, rich blood. It fortifies the system against attack and hastens recovery. You can buy half a dozen boxes from your druggist for \$2.75, but be sure to see the portrait and signature of A. W. Chase, M.D., on the box you buy.

But in the meantime send for a "Menthol Bag" and do all you can to protect yourself against the Spanish "Flu."
