New York, Oct. 9.—The National Association of Motion Picture Industries decided, at a meeting here to-night, to discontinue all motion picture releases after October 15, because of the epidemic of Spanish influenza. The embargo will remain in force until further notice, it was announced by William A. Brady, President of the association.

As Spanish Influenza

is an exaggerated form of Grip. LAXATIVE BROMO QUININE Tablets should be taken in larger doses than is prescribed for ordinary Grip. A good plan is not to wait until you are sick, but PREVENT IT by taking LAXATIVE BROMO QUININE Tablets in time.
