**COAL**

Hard coal is scarce.  
Householders throughout Ontario  
Will have to use  
Soft coal this winter.

Last winter there was a  
Shortage of soft coal, and  
There may be this.

The wise man will lay in  
His store of soft coal now,  
While the laying is good,  
And transportation is not congested  
By bad weather.

There are only two kinds of hard coal,  
Good and bad; but  
There are many kinds of soft coal,  
Having different burning qualities.  
Some are entirely unsuitable  
For household use.

**BEN RAVEN** is the  
Best soft coal for  
Domestic purposes.  
It is higher in heat units than anthracite.  
It has less ash.  
It costs less money.  
We are the sole distributors.

**Rose Brothers**

314 C.P.R. Building  
Telephones--Adelaide 367 and 368
