

# FIFTH FATAL CASE OF SPANISH "FLU"

## CANADIAN CAMP AT NIAGARA IS SO FAR FREE OF THAT DISEASE.

(Canadian Press Despatch.)

Niagara Camp, Sept. 23.—The fifth death in the Polish camp from Spanish Influenza occurred this morning, and three new cases were admitted to the hospital, making a total of 188 Influenza sufferers. So far the Canadian camp is free from the disease, though there are numerous cases of la grippe. There were four cases of suspected Spanish Influenza in the Canadian camp yesterday, but Major Thos. Morrison, Director of Medical Services, said to-day they were simply ordinary Influenza.

The mystery of the robbery at the camp Y.M.C.A. Saturday night seems no nearer solution to-day than was the case yesterday. The Provost Marshal does not take the same view as J. C. Cochrane, Chief of Staff of the Y.M.C.A., that the robbery was committed by an organized gang, and he appears to have doubts as to soldiers being implicated. There is little upon which to base a clue, yet the authorities appear to have hopes of getting at something definite before long.

## INQUEST ON CHINAMAN.

An Inquest on Loney Gim, a Chinaman, who died in St. Michael's Hospital on Sunday, was opened last night at the Morgue by Coroner W. J. Greig, and adjourned till September 30. Gim, a munition worker, was struck by an auto on the bridge over the Don at Queen street on September 18. The auto is alleged to have only been going at five miles an hour at the time.

## CAR FATALITY INQUEST.

Coroner G. W. Graham last night opened an inquest at the Morgue on the body of James Gunning, who died in the General Hospital yesterday as the result of being struck by a street car. Gunning is alleged to have crossed behind a street car and to have been struck by another car coming in the opposite direction. The inquest was adjourned until September 25.
