

SONS OF CON. JONES ILL WITH INFLUENZA

WANTS PERMISSION TO RE- MOVE ONE FROM THE BASE HOSPITAL HERE.

Montreal, Oct. 18.—Con. Jones of Vancouver, known and liked throughout Canada on account of his efforts to keep lacrosse going, is in Montreal in great trouble. Three of his boys are ill with Spanish influenza, and the fourth, Harry, who is known as the hockey man of the family, and who is here with him, is threatened.

Mr. Jones is going to Ottawa to try and get permission to remove one son from the Base Hospital in Toronto, where the boy is sick with double pneumonia, the result of influenza, and remove him for recovery to Los Angeles, "that is," Mr. Jones said, "with a deep though suppressed emotion, "if he does not die, for he is desperately ill."

The two other boys, Bill and Noel, who are with their mother at the Hotel McAlpin in New York, are also suffering from the "Flu."
