

13 Die in the City Hospitals

There was nothing to indicate in the city hospitals yesterday that the Spanish influenza epidemic had reached its peak. On the contrary, it seemed that it was being attended by more fatal results.

Yesterday the third floor of the private patients' pavilion was turned into an influenza ward, and many of the large private wards, which can without difficulty accommodate several patients, would be so arranged that more than one patient would be taken into the ward.

Those who died within the past twenty-four hours are:

Etta Hoffman, 103 Walton street; Miss Pearl Bedlaw, Albert Courtney, Lee John, Violet Scott; Violet Tubman, 67 Gloucester street; Mrs. Alberta Dickson, 4 Fur avenue; Sophie Kaminsky, 173 Euclid avenue; Edward Papernick, 7 Duchess street; Germaine Cloutier, 39 Edna avenue; Mrs. Mary McNaughton, 158 Coxwell avenue; Kathleen Peck, 59 Moutray avenue; Edwin Gregory, 32 Foucher street.

Mrs. Peck is the wife of a soldier who is now overseas. Her only child is in the Hospital for Sick Children, suffering from the disease, and in the home of her only relative, a sister, all of the children are ill.

Soldier Sentenced to Six Months in Prison

In the Police Court yesterday Magistrate Kingsford sentenced Pte. James Gaspe to six months' imprisonment for desertion from the 2nd C. G. R. Charles Brown, charged by Mrs. Brown with having no useful employment, was fined \$100, but took the alternative of 90 days in jail. James Gallagher, charged with assault while in a state of intoxication, goes to jail for four months, not having \$70, the amount of his fine.

Foreigners Contribute Half of \$6,000 in Fines

The fines gathered in yesterday in the Police Court totaled over \$6,000. Three thousand of this came from the pockets of the foreigners who were gathered in over the Thanksgiving holiday for going about the city without their military papers. Most of the rest of the total came from those who were fined \$300 or \$400 apiece for carrying liquor into the city and selling it here.
