WE owe it to our Canadian and American friends to say what we are doing in our weaving and spinning mills during this great War, and so state a few facts in explanation of our inability to meet all requirements for our World-renowned productions.

Out of a total of 8,000 looms, about three or four thousand are entirely engaged upon the manufacture of ducks, flannelettes, shirtings, aeroplane cloths, khaki, and other drills for the use and equipment of the soldiers of the British and Allied nations.

Should we be unable to fill your orders with the same promptness as in pre-war days, we request your forbearance as we know you will agree that the great call on our resources for War purposes must be met first of all.

Number of Looms, 8,000. Number of Spindles, 300,000.
