

SIX-DAY GRINDERS FROM TRENCHES

English, Belgian, Italian and French Riders Coming to New York

(Special Despatch to The Globe.)
New York, Oct. 21.—War heroes from England, France, Belgium and Italy will take part in the annual six-day bicycle race, which begins at Madison Square Garden on December 1, and ends at midnight on December 7. Several of the world's greatest riders, who were busy in the war game last year, have been promised furloughs to enable them to take part in the year's event, and have forwarded their entries.

The point system of scoring, which governed the race last season and made it one of the most exciting held in many years, will be used again this year.

LONDON TEAM IN THROES OF "FLU"

Forest City Weak on Eve of Important Series With Sarnia

(Special Despatch to The Globe.)
London, Ont., Oct. 21.—Coach J. J. Syme of the London Collegiate football team, was not greeted with a sufficient squad to indulge in a workout this afternoon. Henderson, Dennis and McCormick, three of his regular players, are convalescent now after an attack of influenza and another workout has been called for Wednesday afternoon. The first game of the home-and-home series with Sarnia Collegiate starts on Saturday in the latter city. Both teams have suffered to some extent through the epidemic but it is quite evident that the Tunnel City squad is ready for the word by their showing against the Petrolia team last Saturday, when they won by 3 to 0. It seems that the matter of officials for the series is being left to the two teams and in the event that neither can come to agreement Secretary Hewitson of the O. R. F. U. will be compelled to send Toronto officials.

ENGLISH WOMAN IS MARVEL AS SWIMMER

MISS MABEL FLETCHER CON- TINUES TO BREAK RECORDS OF MEN.

London, Oct. 21.—Miss Mabel Fletcher, the Southern Counties 220-yard woman champion, who, a fortnight ago broke the previous record for a woman by swimming over the long distance championship course, from Kew to Putney (five miles and sixty yards) in 1 hour 12 minutes and 24 seconds, has just accomplished another great performance by lowering that time by four minutes and 42 seconds. Her new time was 1 hour, 7 minutes and 42 seconds.

This beats the time of 25 of the winners of the men's championship over the same distance, including those made by the world's champion, J. A. Jarvis (who, by the way, coached Miss Fletcher) when he won the world's championship in 1898, 1899, 1901 and 1902; also D. Billington's time in 1905 and P. Radmilovic's in 1907.

VERSATILE ATHLETE KILLED IN ACTION

Lieut. Logsdail Was Prom- inent in Boxing, Foot- ball and Soccer

Montreal, Oct. 21.—General Manager Melville, of the M.A.A.A., received word yesterday of the death of Lieut. Hugh Logsdail, who was killed in action in France some time ago. The late Lieut. Logsdail played on the championship M.A.A.A. soccer team for two seasons and also played on the senior rugby team during the season of 1914 the last year a team was operated in the Interprovincial by the Montreal Amateur Athletic Association.

He was also a prominent boxer, being in the welterweight class. His boxing career was brought to an abrupt ending through an accident in the club championships of the M.A.A.A. In the preliminary round, in trying to avoid a right cross of an opponent, Logsdail slipped and struck his head so hard on the floor of the ring that he had to be taken to the Royal Victoria Hospital for treatment.

Lieut. Logsdail went overseas with Cape's battery as a gunner and was later transferred to the Imperial service. He earned his commission on the field and held the rank of Lieutenant in the Royal Garrison Artillery at the time of his death.

The Central Y. M. C. A. football team will hold a practice at Victoria College grounds to-night at 8 o'clock. All players are requested to be on hand.
